

Puzzle #7

SUDOKU

Time it! Can you find them all in 45 minutes?

	1		3		5			
						4	8	
		5		7				
	2					1		
				6	2	7		
	7		9		8			
3	9						4	7
1							3	
	8				6	9	1	

Instructions:

Don't worry ... there's NO math. Think of this puzzle as a process of elimination. The objective is to fill a 9×9 grid with digits so that each column, each row, and each of the nine 3×3 subgrids or boxes contain all of the digits from 1 to 9. There should be no duplication of a digit in any row, column, or subgrid/box.

Have fun!
